

CHURCHMAN'S NEW YORK. A letter to the Globe from Montgomery, N. Y. dated 21st ult. says, "We shall carry the State for Van Buren next November by a handsome majority. The first year the Federalists beat us in this State they had a majority of 16,213 over us, the next year but 10,422, and last fall but 3,000 and 4,000; this shows a regular Democratic gain, which must, without doubt, give us next fall a Democratic majority."

We see not a day which passes around but what we hear of some new recruits coming in for Van Buren.

PAPER MONEY.—England is the greatest paper money country in the world, with the exception of America, and hundreds of thousands of her population are not only destitute of the comforts of life, but are actually in a state of starvation.

EXTRA SESSION.—The Governor of Kentucky has issued a proclamation, calling an extra session of the legislature, on the 19th inst. The circumstances which render this step necessary, the proclamation says, "is from the non-existence of a law providing for the choice of electors within that commonwealth for President and Vice President of the United States." It appears strange, that the necessity of passing such a law, should have been overlooked by the Governor and legislature during the last session.—Baltimore Republican.

From the Baltimore Republican.
MR. VAN BUREN'S LETTER.—A large portion of our paper of today, is occupied by an interesting and important letter from Mr. Van Buren, to a Committee from Elizabeth City, Virginia, in reply to interrogatories propounded to him on the principle subjects which are now being discussed throughout the country, viz: abolitionism, tariff, bank internal improvements, and the proposition of Mr. Pinckney, for re-organizing the militia, about which so much has been said both by the press and the speech makers of the opposition. In this letter Mr. Van Buren treats the understandings and judgments of his fellow countrymen with that respect to which they are entitled, by giving a free and public exposition of his views upon those questions, of which it is the utmost importance that a candidate's sentiments should be distinctly ascertained. He does not refer to those who make the enquires to his former letters and public acts; but comes out boldly, and in a frank, free and explicit manner, gives to the whole country and the world his undersigned opinions. There is no dissimulation, no equivocation;—nothing reserved;—no sentiments prepared for one section of the country, which he would withhold or deny in another. All is plain, fair and honest, so much so, that he that runs may read and understand.

The same committee, we learn addressed a similar letter to General Harrison, but neither he, nor his committee, have thought it expedient or prudent to publish any thing for the "public eye" upon the subject of these inquiries. We have appended, however, to Mr. Van Buren's highly interesting communication, a letter from Gen. Harrison in answer to one addressed to him by the Whig Central Committee of Illinois, asking his opinions upon subjects of the deepest importance to the welfare and happiness of the country. Let the reader not be deterred from the perusal of these productions in consequence of their length, for the crisis demands his attention to these matters, and the time spent in its perusal will be well repaid and when the former is contrasted with the "half concealed, half disclosed" production of the latter, the unbiased and unprejudiced patriot cannot but feel a glow of admiration in his bosom at the prompt, candid, and honest manner in which the President has responded to his fellow countrymen's inquiries, and the patriotic and statesmanlike views which he entertains and avows; while at the same time he must feel the most sovereign contempt for the imbecile and unmeaning production of the "available" candidate of the Opposition.

NEW YORK AUGUST THE 12.
The Flour market has been very active, commencing on Monday, and large sales have been made for export \$5 25 a 57, for common and fancy brands Genesee, and \$5 12 a 25, for Ohio, round and flat hooped, which is an advance of 25 a 37 cts. The Southern descriptions are scarce. A small sale of Georgetown, was made at \$5 50, at which it is held. Rye Flour is worth \$2 87 and Corn Meal \$3.

There is no material change in the Grain market. Wheat is entirely out of the market, and we only have a small sale to notice of Genesee \$1 09. Northern Rye is scarce and sells as it comes in at 60 cents. delivered. The supply of Oats is moderate with a fair demand. Northern are worth 40 a 41, for old and 37 for new. Southern scarce, at 27 a 28, and Jersey 32 a 33.

INFAMOUS.—Under this head we find the following paragraph in the Globe of Tuesday. It is of a piece with other conduct of a party, which, having given up the reason, has its only resort in the employment of force and false and vulgar appeals.—Not long since it attempted to purchase the mechanics and working men by augmenting or diminishing their wages as best suited political purposes of their own, and now, in the same spirit, they would operate upon the farmers by the use of a similar means. It is a base and despicable attempt that deserves, as it will assuredly receive, the rebuke of the persons whom it is intended to corrupt.—N. Y. B. Post.

"We have seen a letter from Kentucky, stating that contracts are offered to the farmers for this year's crop of hemp at six dollars if Harrison be elected, and four dollars in the event of Mr. Van Buren's re-election. As no man of sense can believe that the election of the one or of the other will affect the price of hemp a single dollar, we take this to be a cunning scheme to buy the votes and the political exertions of the farmer. It is supposed that those who take the bait, will not only vote for Harrison, but make efforts to induce their neighbors to do the same."

IMPOSING SPECTACLE.—The following exhibition of strong democratic predilections is stated in several whig newspapers to have been made at a whig meeting lately held in Steubenville, Ohio.

The person designated by the terms "Tom Corwin," and "Tom," is the whig candidate for the office of Governor of the State.

"Tom Corwin," reached the ground in a strong wagon with a bed used for hauling stone, labelled "No British Coach," "Tom Corwin's Buggy." In front was erected a Buckeye tree, in the branches of which Tom was seated. This novel carriage was drawn by thirty-two yoke of oxen."

Winows.—There are said to be fifty-three thousand six hundred and twenty-five widows in the city of Paris, and sixty-four thousand and eighty-two in the department.—Jour. of Com.

The fact is there are no old maids in Paris—every lady entitles herself a widow, after passing a certain age. This accounts for the extraordinary number mentioned above.

It is a fact, which the federal papers are very careful not to mention, that Ogle, the creature that peeped into Mr. Van Buren's parlor, did not vote against one of the items of which he complained. What a consistent chap!

NEW JERSEY.—The Democracy of New Jersey held a large and enthusiastic meeting at Rahway, on Monday last. The editor of the New Era, who was present, speaks of it as being altogether a very spirited and triumphant affair. Above six thousand persons were present.

WARWICK TOWNSHIP.
The Democrats of Warwick Township, met on the 8th inst., pursuant to previous notice, at the house of Peter Shull. The meeting was organized by calling Hezekiah Camp to the Chair, and appointing Jethro May Secretary.

The object of the meeting having been stated by the Chairman, the following persons were elected delegates to attend a county convention to be held at New Philadelphia on the 12th inst: Godfrey Westphaver, Jacob Shaber, Martin Keller, Harvey Cone, Jacob Keller, Jethro May, James Erick, Robert Nelson, Benjamin Keller, Hezekiah Camp, Edward Myers, John Paddock, Christopher Ochler, Peter Shull.

On motion, the following Preamble and Resolutions were read, and adopted by the meeting: Whereas, the time is fast approaching when the freemen of this country will be called upon to exercise one of their dearest privileges, viz: that of declaring through the ballot-box, not only who shall be their Representative among the councils of the nation, but who shall represent them in our State Legislature. The result of the present contest between the two parties in this country will decide one of the most important questions which has ever presented itself to the consideration of the American people. That question is—shall the Democracy of the land, who have hitherto decided all political controversies in our country continue to rule, or shall the Federal faction lead them astray from the doctrines of Jefferson, by the buffoonery of hard cider, log cabins, and moon-skies. These, and these alone, being the arguments advanced by that faction to induce them to abandon the true political faith, and enlist under the banners of Bank aristocracy.

Therefore be it resolved, 1st. That it is the duty of every lover of freedom to guard the rights of our common country from the influence of a party whose object is the creation of a National Bank.

2nd. Resolved, that no man should receive the votes of freemen for the office of President without first defining the principles upon which he will administer the government of the people.

3rd. Resolved, that the attempt of the Federal party in this country to ride into power by cries of hard cider, moon-skies, and log cabins, is insulting to their country, degrading to themselves, and should receive the rebuke of every voter in the land.

4th. Resolved, that we have entire confidence in the wisdom and patriotism of Martin Van Buren and Richard M. Johnson, and that the best interests of our country demand their re-election.

5th. Resolved, That the attempt of the opposition to libel the administration in respect to what they call a standing army, either proves their perversion of facts, or total ignorance of the proceedings of Congress.

6th. Resolved, that the bill to reorganize the militia was brought before Congress during this last session, and that the report of the Secretary of War on that subject was referred to the Committee on Military Affairs, who made an unfavorable report of the same, which report was accepted by Congress, and the whole subject indefinitely postponed.

7th. Resolved, that the journals of Congress show that General William H. Harrison, while a member of that body in 1817, and Chairman of the Committee on Military Affairs, made a report in favor of what is now called by the opposition a standing army. And inasmuch as his opinions have undergone no change, he would, if elected President, as matter of course, recommend the same measure.

8th. Resolved, that we disapprove of a standing army, but do approve of a better organization of the militia.

9th. Resolved, that Wilson Shannon has discharged the duties of his station in a manner that meets our entire approbation, and will, of course, be re-elected.

10th. Resolved, that we will give our undivided support to the nominees of our county convention to be held at New Philadelphia on the 12th inst.

11th. Resolved, that the proceedings of this meeting be signed by the Chairman and Secretary.

and published in the Ohio Democrat. HEZEKIAH CAMP, Chairman. JETHRO MAY, Secretary.

MILL TOWNSHIP.
At a meeting of the Democrats of Mill Township, held at the house of Samuel Warfield in Uhrichville, Saturday, August 8th, 1840: On motion, the following persons were appointed as a Committee of Vigilance for the above township, and respectfully, and earnestly entreat them to use their utmost exertions in disseminating useful information, distributing genuine Democratic tickets, and persuading their Democratic brethren to attend the ensuing elections, koon-skies and hard-cider to the contrary notwithstanding.

Samuel Warfield, Wm. Moore, Jr., John McBean, Thos. R. Bender, Daniel T. Shirk, James Morrow, James Bukey, James B. Ewert, John Brisben, John Sheets, M. Uhrich, John Markle, John G. Thompson, Flem. Bukey.

Resolved, that these proceedings be published in the Ohio Democrat.

JAS. BUKEY, Chairman. M. R. HASKINS, Secretary.

THE PHILADELPHIA CASKET.

UNPARALLELED SUCCESS PROSPECTUS OF A NEW VOLUME.
The great increase in the subscription list of the Casket since the first of the year, warrants the most extensive improvements on the first of July next at which time a new volume will be commenced with increased vigor. (Nothing need be said of the firm basis on which the Casket stands it being already the oldest magazine in the country.)

TYPE—EMBELLISHMENTS.
The Casket is printed with a clear and silvery type, upon the finest white paper. The illustrations are not surpassed by those of any periodical at home or abroad; and beside the monthly steel engravings of colored plate, the Casket is embellished with an apt sketch. No wood cuts disgrace the work; whatever appears in the Casket is of the first order of the art.

LITERARY CHARACTER
The literary character of the Casket is well known. It is wholly original, of the highest order, and sustained by WRITERS OF THE FIRST RANK. Essays, Tales Sketches, and Travels, compose its prominent parts; articles while the poetry is equalled by that of no other magazine of like character. The variety for which the Casket is celebrated, shall suffer no diminution; but on the contrary, every exertion shall be made to increase its interest.

SEVERAL ROMANCES OF THE REVOLUTION have already appeared, and others shall follow in the course of the volume, presenting a historical account of the great battles of that time. Thus, the Casket, instead of being filled with sickly sentimentalities, aims at a true delineation of human nature in every variety of passion.

TIME OF PUBLICATION
The Casket is published on the first of the month in every quarter of the Union. The most distant subscribers consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities agents are established, by which means subscribers can obtain their copies free of postage.

FASHIONS
The fashions are published in the Casket quarterly, or as often as any really new styles arrive from Paris. The engravings are colored, and executed from original designs. No old worn out plates retouched and then published as the latest fashions. The truth of the designs may be tested by comparing them with the latest description of dresses from London and Paris.

TERMS.—Three Dollars per annum, or two copies for Five Dollars. Published by GEO. R. GRAHAM, 36 Carters Alley, Philad.

BRANDRETH'S PILLS.

THESE justly celebrated Pills, have been before the American public over 5 years, their restorative and curative properties are fully estimated by hundreds of thousands of both sexes, and they are still growing in repute where ever they are known. Wherever a prejudice exists, it is because counterfeit pills have been used. Ask any one who has used the genuine Pills, and a hearty recommendation will be the sure result.

The great principle of "PURGING" in sickness is beginning to be appreciated. It is found much more convenient to take an occasional dose of half a dozen pills, and be always well, than to send for a Doctor and be bled, blistered and salivated—with the certainty that if you are not killed, you will be sure to have months of miserable weakness, and the only one who is benefited is your Doctor. Look at the difference between the appearance of these two persons—one has been treated by your regular practitioner—see how pale and debilitated he is, see how the shadow of death throbs his solitary glances from his emaciated countenance, see how he trembles in every limb; his eyes sunk, his teeth destroyed—his constitution prostrated irrevocably gone—yet, just hear how the Doctor arrogates to himself credit. He says, "most inveterate case of liver complaint"—"nothing but the most energetic remedies saved him." Energetic measures! i. e. Mercury and bleeding, ruined his constitution, better say, So to save his tooth must half poison with that comfort of the teeth and the gums—MERCURY—positive make a man miserable the said remainder of his existence; this is called curing. Shocking folly!

Let us now look at your "purged" man—the man who has taken Brandreth's Pills for Liver Complaint—has the firm elastic tread of conscious strength, his countenance is clear and serene, his eye is full and sparkling with the looks of new life and animation; he has been confined a few days to his bed, but he used nothing but the true Brandreth Pills, and soon rose without any injury being sustained by his constitution. Instead of being months in a weak state he will be stronger, after he has entirely recovered the attack, because his blood and fluids have become purified, and having purged away the old and impure fluids, the solids are thereby renovated, and he is not borne down by useless particles, but has renewed his life and body both.

This principle of purging with Brandreth's Pills, removes nothing but the useless and decayed particles from the body,—morbid and corrupt humors of the blood; and those humors which cause disease—they impede the functions of the liver when they settle upon that organ, and when they settle upon the muscles, produce rheumatism, or, upon the nerves, produce gout; or upon the lungs, produce consumption, or upon the intestines, costiveness, or upon the blood vessels, a apoplexy and puerilis, and all the train of disorders so commonly to the sufferer and all who behold them.

Yes, purging these humors from the body is the true cure for all these complaints, and every other form of disease; this is no mere assertion, it is a demonstrable truth, and each day it is a demonstrable truth, and each day it is extending itself, far and wide it is becoming known, and more and more appreciated.

CAUTION.—Dr. B. Brandreth never appoints Druggists, Pedlars, Doctors or Apothecaries, as his agents; therefore if you want to be sure to have THE REAL BRANDRETH'S PILLS, never purchase at Drug Stores or of Pedlars, Doctors or Apothecaries. The Pills they sell in my name being universally all counterfeits.

All who sell the genuine Pills have a certificate of agency, signed by Dr. B. in his own hand writing, and renewed every 12 months, and have entered into bonds of \$500, to sell none other Pills than they receive from Dr. Brandreth or his duly appointed traveling agents, who have invariably a power of attorney, signed by the Clerk of the County of N. York. OBSERVE.—The certificate is not let or press written or Lithographic. It is Engraved.—The said certificate being no guarantee of the public after 12 months from date.

MAKING.—When you want Pills to make sure you are right, ask to see the certificate of agent or of those who sell counterfeits, and never had one, will tell you it is a mislead, lost, &c.

Price 25 cents, with full directions.
